IBM Docket No. PO920000057US1 Ser. No.:
10/055275 Examiner J. Torres   - 7 -   IBM

(B) REMARKS

The changes in the claims were made to correct the spelling of pseudo-random throughout. The hyphen was introduced in some places. Also "for" is now correctly placed and "patterns" correctly spelled as picked up by the Examiner. Claims 8 and 9 have been cancelled. All
5 remaining claims are now allowable.

An appendix sets forth the previous submission which was not entered. This appendix included below in these remarks, was reqested by the examiner highlighting (italics are old) the difference between the previously allowed claimed filed 11/26/2004 and the newly proposed amended claims to make it easier for the examiner to check for newly introduced errors.

10 This appendix on the following pages from pages 8-11 of the amendment filed 11/26/2004 sets forth those claims:
